

The First International Scientific Conference on Artificial Intelligence in Sports Media and Ethics

About the Conference

The First International Scientific Conference on Artificial Intelligence in Sports Media and Ethics

aims to be a premier platform for

academics, researchers, and industry professionals to explore the evolving landscape of AI in the sports media sector. We will delve into current practices, emerging challenges, and the ethical considerations that shape this dynamic field.

This conference is organized by Mohamed Boudiaf University, M'sila (Institute of Science and Technology of Physical Activity and Sports) in cooperation with the Laboratory of Sports Media and Sports Management – Algeria. The event is held under the high patronage of the Rector of Mohamed Boudiaf University M'sila, Prof. Dr. Amar Boudelaa.
